**Valid bank proofs:**

1. A printscreen of an online payment or online screen in which both the complete account number and the **name of the account holder** are clearly visible.
2. A print-out of the bank, if possible with the bank's stamp, with the complete account number and the **name of the account holder**.
3. A bank statement showing both the complete account number and the **name of the account holder**.

In the past there have been issues with benefits being reccredited by the receiving bank, because the name of account holder used by PCN did not correspond to the information of the bank. This is why we always request a bank proof.
