

Qredits attracts new financing from Pension Fund Caribbean Netherlands "Even more entrepreneurs on the BES islands will get the chance to start a business"

Almelo, September 5, 2025 - Qredits has further strengthened its financing base. The Pension Fund Caribbean Netherlands (PCN) is making a loan of 3 million dollars available, specifically for entrepreneurs on Bonaire, Sint Eustatius, and Saba.

Additional support for entrepreneurs in the Caribbean

The financing from the Pension Fund Caribbean Netherlands enables Qredits to further expand its services on the BES islands. Since 2015, Qredits has been providing microloans in the Caribbean part of the Kingdom. The additional funding from PCN allows Qredits to help more businesses grow, create jobs, and strengthen the local economy.

André Dolsma, Commercial Director of Qredits: *"Qredits believes that everyone with a good idea should have the chance to start a business. Thanks to the collaboration with PCN we are able to reach even more entrepreneurs on the BES islands."*

More than just financing

Qredits is a non-profit foundation dedicated to promoting entrepreneurship in the Netherlands and the Caribbean part of the Kingdom. In the Caribbean, Qredits provides loans and offers training, coaching, and educational programs. The scale of the islands ensures that the impact is enormous. This means that Qredits collaborates closely with local governments on all islands to promote growth and innovation in entrepreneurship.

Making entrepreneurship accessible to everyone

Access to financing is essential for the economic, financial, and social independence of entrepreneurs. With the financing from PCN, Qredits is working further on promoting entrepreneurship on the BES islands. This makes entrepreneurship accessible to everyone with a good idea.

Harald Linkels (PCN), André Dolsma and Milagros Banken (Qredits) sign the agreement
